Shared Sports Facilities

Davao Oriental State University (DOrSU) supports community health and well-being by making its sports facilities available to local schools and the wider community for sports development and physical activities. Through partnerships with the Department of Education (DepEd) and local government units, the University provides access to facilities such as its athletics oval and other designated spaces for community sports events, competitions, and student-athlete development. These initiatives promote physical activity, encourage healthy lifestyles, and strengthen community participation in sports.

DOrSU Supports City Meet 2025 Through Provision of Sports Facilities

Davao Oriental State University (DOrSU) supported sports development and student-athlete participation by providing its university oval and library facilities for the athletics and chess events of the City Meet 2025, held on February 7–8, 2025. Organized by the Schools Division of the City of Mati in partnership with the City Government of Mati, the event provided student-athletes with opportunities to demonstrate their skills and prepare for the regional athletic meet.

Through its partnership with the Department of Education (DepEd), DOrSU makes its facilities and resources accessible to support local sports initiatives. This collaboration promotes physical activity, student development, and opportunities for young people to participate in organized sports.
